RISK DISCLOSURE & WAIVER

The nature of the Fowler program involves risks. Our activities include such things as: archery, canoeing, hiking, back country travel and camping, arts, recreation, sailing, low ropes, swimming. Some of our programs and trips take place in the wilderness where access to emergency medical facilities may be more remote. Recognition and management of risks and hazards in the wilderness and program are taught and practiced at Fowler. Two weeks of staff training include certification in Wilderness First Aid, CPR, emergency procedures, skills for activity areas and leading wilderness activities. Fowler has a Health Director on site at camp. The New York State Department of Health inspects the camp each summer. A certified Lifeguard or Water Safety Instructor supervises all waterfront activities.

Even Fowler's best efforts cannot guarantee safety or eliminate real risks. If after reading through Fowler's publications you have any questions about Fowler's programs, activities and/or personnel please don't hesitate to call the Camp Director to discuss these. He can be reached at (518-631- 6789 – winter; 518-548-6524 – summer). It is important that parents and campers assume these risks with us as we together participate in the Fowler program.

Please continue reading and indicate your consent with your signature below.

I am the parent/guardian of the camper registered herein and I hereby give permission for my child, the camper to be transported in camp-designated vehicles for off-site trips as well as for emergency or routine medical care. I understand that the driver of these vehicles is a staff member 21 years of age or older. I agree to the release of any records necessary for treatment, referral, billing, insurance purposes or any other purpose Fowler Administrative staff deems necessary. I have been informed and am aware – and give permission – for my child to participate in swimming at sites that are not inspected by a permit-issuing official. With the permit-issuing official's knowledge, qualified Fowler staff will determine the suitability of the swimming site. I understand the location of canoe trips, swimming, and hiking may be remote or inaccessible and thus prevent prompt transfer to an emergency medical facility. I have carefully read and understand the program policies and risks as presented in Fowler publications. I have had the opportunity to ask questions and I have discussed these with my child and we accept the inherent and program risks involved.

By signing below I acknowledge that participation in the Fowler program involves risk to the participant and may result in various types of injury. In consideration for the opportunity to participate in the Fowler program, I acknowledge and accept the risks of injury associated with participation in the Fowler program.
